— 2023 FUNDRAISER —

CELEBRATING 11 YEARS  
AND OVER 500 HOMES

## A reason to celebrate

Thank you for joining us this year at the Home for a Home 2023 Fundraiser. It has been a while since our last major event, and a lot has happened in that time. As I am sure you can imagine, there were a lot of questions and nervousness as we started planning for this evening. We are so grateful and appreciative to have you come out and show your support of Home for a Home.

Tonight, we celebrate 11 years of building better futures, one home at a time. What started as an idea to unite the real estate community has grown into an organization that has funded over 500 homes for families in Guatemala, improving the quality of life for people in ways that go far beyond what many of us can imagine. This is an accomplishment that everyone involved should be proud of, especially our founder, Nick Cooper.

This year's event also marks another milestone: for the first time since its founding Home for a Home has a new Executive Director. Chris King's work and passion on behalf of Home for a Home will always be felt and appreciated more than she could ever know. Like many of you, I feel fortunate to have had the opportunity to be a member under her guidance and even more grateful to call her a friend. I want to thank Chris for her years of service and dedication to the organization, the members, and the families in Guatemala.

As we move into the next chapter, Home for a Home will continue to work to provide housing for families in need. One way to do this is by expanding beyond real estate to include other businesses who want to align with Home for a Home. Looking to the future, we know there are more families to help and we are grateful to have you here.

On behalf of Home for a Home and the families we serve: thank you for your continued support and dedication.

*Joel Vendette*

Joel Vendette, Executive Director

# Home for a Home's impact by the numbers

Besides being able to provide a secure, healthy environment for families, we are restoring dignity. We not only make an immediate difference by providing homes, but we make a lasting impact by helping families take pride in their homes.

## 376+ people directly impacted

In Guatemala, 1.54M people live in inadequate housing. The families we support all live well below the poverty line, surviving on only 15 quetzal a day, equivalent to less than 2 dollars.

## 35 children aged 2 and under

According to a study conducted for Berkeley's Center for Evaluation for Global Action, replacing dirt floors with cement significantly improves children's health and boosts cognitive abilities.

## 14 communities served

Over half of Guatemala's population is indigenous. The Sacatepéquez region we serve celebrates Mayan roots through the Sumpango Giant Kite Festival for Dia de los Muertos.

## 3 departments served

Guatemala is divided into 22 administrative departments, equivalent to U.S. states. We provided housing to families in Sacatepéquez, Chimaltenango and Sololá.

# Tonight's program

An Evening to Celebrate Home for a Home

- 6-7:00 Registration and Champagne Toast  
Browse silent auction items  
Play in the High Rollers' Lounge
